

Levity Arts

Entertainment Guide

Welcome to the Levity Arts entertainment guide! This informational sheet is here to help inform you on the different styles of circus entertainment that Levity Arts has to offer and give you a general idea of what to expect with the performances as well as what to expect in costs for hiring our performers.

As you will see, rates may vary depending on the finalized details such as, the types of performance, number of performances, set times, and additional costs with potential rigging, costuming, performers assistants, or management! Please note that this guide is not specifically designed for big holiday performance rates and any holiday bookings are best planned at least two months in advance.

Levity arts is a collaboration of the arts community based in Seattle, Washington. All performers are not exclusively "Levity Arts entertainers" but are free-lance performers with the organization of Levity Arts entertainment. Our goal is to create an inclusive and immersive space that inspires the artist in all of us. We aim to build community, spark collaboration, and empower creatives. We thank you for considering involving our community in your event and look forward to the opportunity of working with you!

Ambient Performances and Spotlight Stage Acts

\$400-\$1,000

Ambient Performances

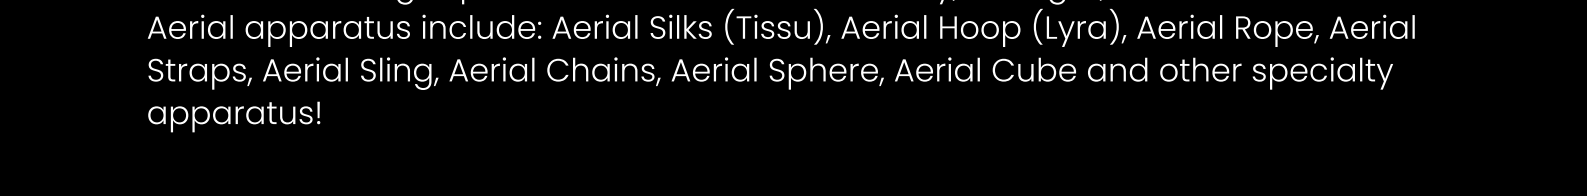

Ambient performances are meant to enhance your event's atmosphere through an immersive experience. Without being the central focus, the performance blends into the environment and can be performed amongst the audience where guests can move freely around it or performed on a staged setting.

- Ambient performances are a great addition for any time of the event.
- The performer performs to the music that is already playing at the event.
- Sets are performed for 5-20 minutes depending on the type of performance.

Spotlight Stage Acts

Spotlight Stage Acts are meant to be the centerpiece of the audience's attention, where guests gather to watch the performance at a designated area in the event.

- Spotlight acts are best showcased when all guests have arrived at the event.
- All acts are choreographed pieces with specific music brought by the performer.
- Spotlight stage acts are generally around 5 minutes.

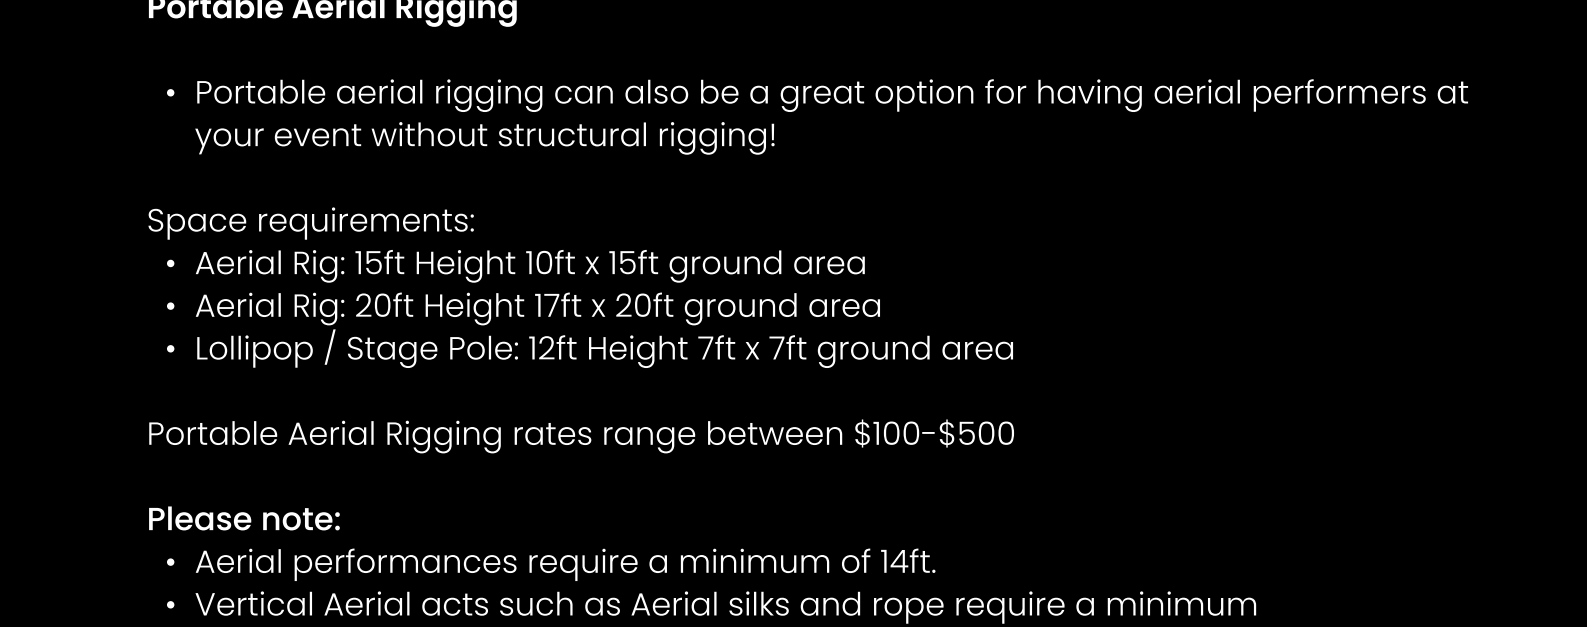

Aerial Performance

\$400-\$1,000

The mesmerizing experience demonstrates beauty, strength, and technical skill. Aerial apparatus include: Aerial Silks (Tissu), Aerial Hoop (Lyra), Aerial Rope, Aerial Straps, Aerial Sling, Aerial Chains, Aerial Sphere, Aerial Cube and other specialty apparatus!

Aerial Rigging

- After inspection temporary rigging can be set up on specific structures. Price ranges between \$100-\$600 , \$1,000 decorated rig.
- Permanent rigging can also be installed after clearance of an inspection from a professional rigger and structural engineer, at least one month in advance of desired performance date. Costs may vary, expect a minimum of \$1,500. This is a great option for recurring aerial performances!
- Questions for you if you desire aerial performances
 - What is the height of the desired rigging area?
 - What material is being rigged on? (metal, wooden beam, ect.)
 - Are there other fixtures hanging around the area? (Hanging lights, speakers, ect.)
 - What type of ground space is it hanging over?
 - What apparatuses have been rigged and performed on previously? When? By which rigger?
 - Please provide 3-5 pictures of the area

Portable Aerial Rigging

- Portable aerial rigging can also be a great option for having aerial performers at your event without structural rigging!

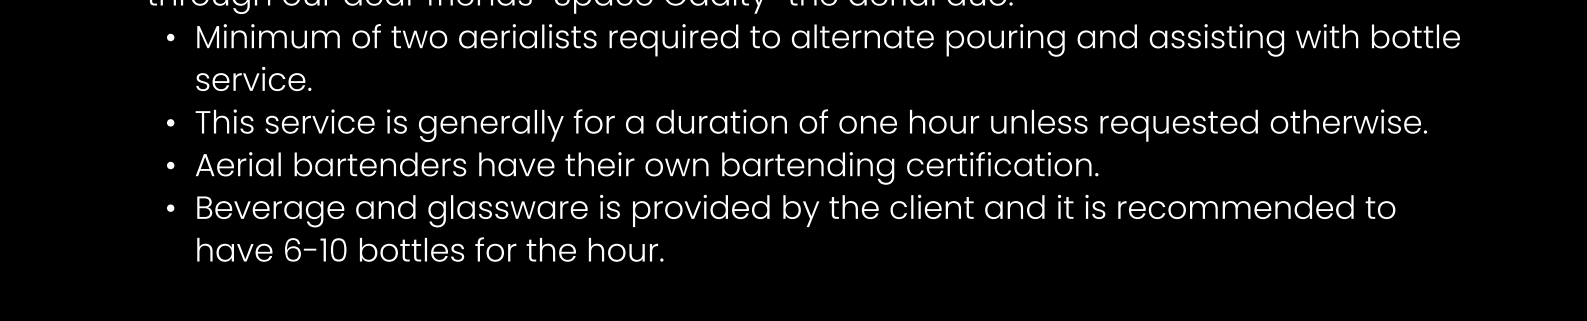

Space requirements:

- Aerial Rig: 15ft Height 10ft x 15ft ground area
- Aerial Rig: 20ft Height 17ft x 20ft ground area
- Lollipop / Stage Pole: 12ft Height 7ft x 7ft ground area

Portable Aerial Rigging rates range between \$100-\$500

Please note:

- Aerial performances require a minimum of 14ft.
- Vertical Aerial acts such as Aerial silks and rope require a minimum performance height of 18ft.
- All Aerial performers have their own performer insurance, if the event requires additional insurance, we must know at least one week in advance. It is you, the client's obligation to cover that fee.
- Aerial performances may require a performer's assistant.
- Stage pole performers may have minimal clothing to provide safety for staying on the apparatus.

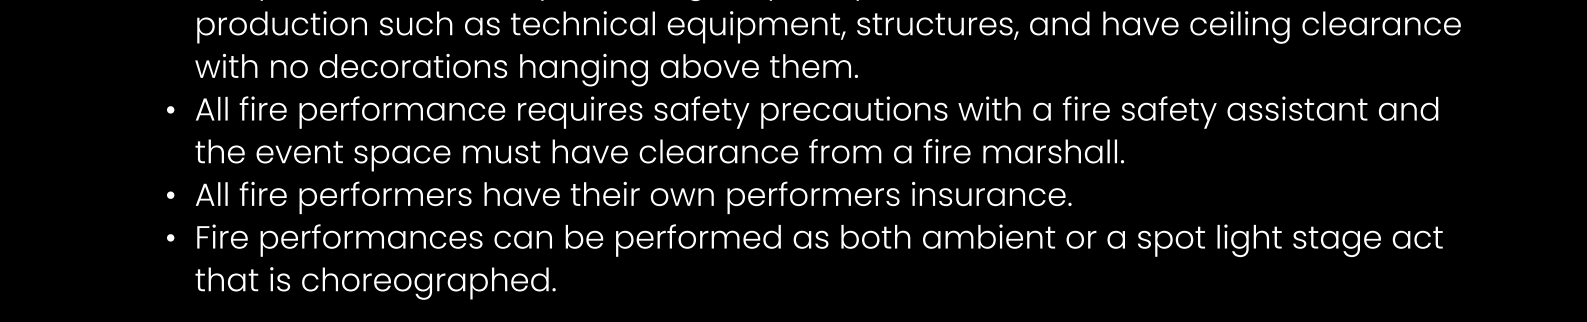

Aerial Bartending

\$300-\$500

Aerial bartending is an elegant interactive experience where the guests can bring their empty glass to the aerialist or their apparatus and get their cup filled with a beverage such as champagne or wine. This specific entertainment is booked through our dear friends "Space Oddity" the aerial duo.

- Minimum of two aerialists required to alternate pouring and assisting with bottle service.
- This service is generally for a duration of one hour unless requested otherwise.
- Aerial bartenders have their own bartending certification.
- Beverage and glassware is provided by the client and it is recommended to have 6-10 bottles for the hour.

Fire

\$300-\$500

Fire performance is a mesmerizing art form with props being manipulated while lit on fire! Fire is a dangerous art form that can be performed with props such as, fans, staff, dragon staff, poi, rope dart, palm torches, double staff, or fire breathing.

- Performances are enhanced after sunset, in a darker setting.
- Generally performed for 5 minutes or until the prop loses its flame.
- Fire performances require a larger open space that is free from the event's production such as technical equipment, structures, and have ceiling clearance with no decorations hanging above them.
- All fire performance requires safety precautions with a fire safety assistant and the event space must have clearance from a fire marshall.
- All fire performers have their own performers insurance.
- Fire performances can be performed as both ambient or a spot light stage act that is choreographed.

Flow Arts

\$150-\$300

Flow arts and/or juggling is another style of ground performance involving prop manipulation.

- Performances can be performed at any time of day, LED flow props are enhanced after sunset.
- Specialty flow performances are generally performed for 5-10 minutes in either an ambient setting or can be a choreographed spotlight act to specific music.
- Flow arts do not require safety assistants or other clearances, although the artist will need a spacious area to perform.

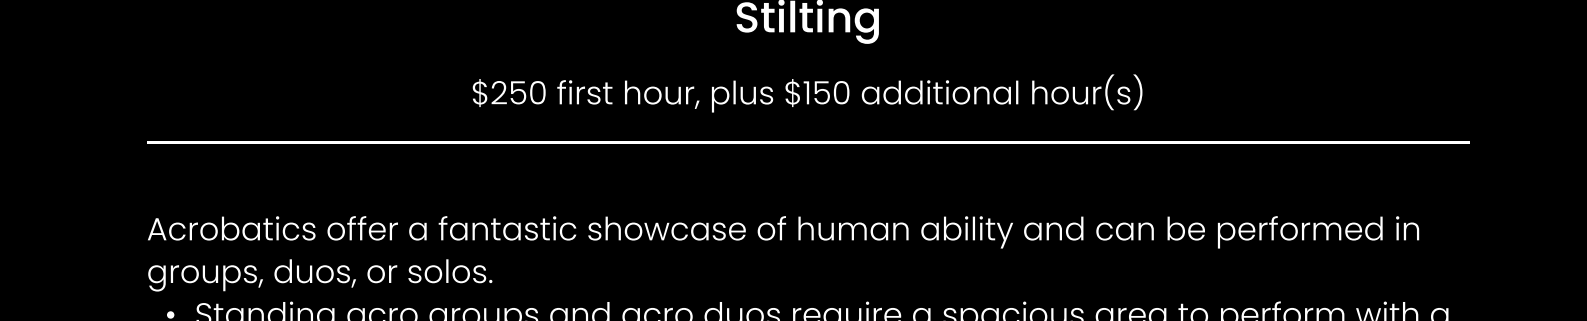

Contortion

\$300-\$800

Contortion is the impressive art form of extreme flexibility and strength.

- Generally performances are 5-10 minutes long and can be featured as a spotlight act or ambient performance.

Acrobatics

\$300-\$600 Per person

Acrobatics offer a fantastic showcase of human ability and can be performed in groups, duos, or solos.

- Standing acro groups and acro duos require a spacious area to perform with a minimum ceiling height of 20ft with no hanging fixtures above them.
- L-Based acro or "Acro Yoga" performances have the ability to perform with a minimum of 15ft height ceiling clearance.
- Solo acrobatic performances include; Hand-balancing, chair, chair stacking, acro dance, hoverboard, or tumbling.
- Generally performances are 5-10 minutes long.
- Acrobatics can be featured as a spotlight act or ambient performance.

Stilting

\$250 first hour, plus \$150 additional hour(s)

Acrobatics offer a fantastic showcase of human ability and can be performed in groups, duos, or solos.

- Standing acro groups and acro duos require a spacious area to perform with a minimum ceiling height of 20ft with no hanging fixtures above them.
- L-Based acro or "Acro Yoga" performances have the ability to perform with a minimum of 15ft height ceiling clearance.
- Solo acrobatic performances include; Hand-balancing, chair, chair stacking, acro dance, hoverboard, or tumbling.
- Generally performances are 5-10 minutes long.
- Acrobatics can be featured as a spotlight act or ambient performance.

Thank you for reading through our entertainment guide! We look forward to hearing back from you and creating a memorable and unique experience at your event!
